

# Deniz Devrim ŞAHAN

BUSINESS ADMINISTRATION

Deniz completed his undergraduate degree in Dokuz Eylül University English Business Administration and continues his Master's of Business Administration program online at Touro College Berlin. He completed his major in MIS during his undergraduate period and is currently taking courses to learn software languages due to his desire to learn. In this way, he has also developed analytical and algorithmic thinking skills as well as creative problem solving skills. He meets the language proficiency with many presentations since he received his undergraduate and graduate education in English. In addition to these features, he is a person who likes to be challenged as well as his sincere, empathetic and determined personality traits. He is currently taking an online course from Neos Yazılım Akademi that includes comprehensive front-end and back-end education (JavaScript, Bootstrap, JQuery, React.js, Python & Django).
